Thanks Nate. We appreciate your support on this. We just have to draw a line if we're going to have a viable business district that can pay taxes to support City services. The BID Board has taken a strong position on this kind of thing, while encouraging special event uses. I know they will appreciate the Council Office's assistance.

Let's get ready to have DOT write citations if we can't talk Ayara out of this, which we have tried. Can DOT write 1 citation per hour (i.e. 8 per day)? At what point do they "boot and tow"?

Yea, she's going to get ticketed then after 1 hour...unless, of course, she moves it after an hour...pretty lame

Not good news. I spoke to Laura about it. There isn't much the City can do to regulate this food truck or any food truck for that matter. If they get their letter-rating from County Health they can set up and abide by whatever posted parking restriction exists.

Yea, I know....
